

Student Insurance

Every precaution possible is taken to ensure the safety of students throughout the College; however, all curriculum students are provided with a limited amount of accident insurance coverage. Students receive coverage through the College, as the premium cost is included in the student's tuition and fees. This insurance covers the student while he/she is on school property attending regularly scheduled classes, or while on a College-sponsored trip. Absence from the College premises during the day, such as during the lunch hour, is not covered.

A student injured while on campus or a College-related activity should instruct the physician or emergency room staff that he/she is covered under student insurance and to send itemized statements of all charges to the Office of Business Affairs, 3250 St. Matthews Road, Orangeburg, SC 29118. The student is required to go by the Business Affairs Office in Building A to sign an insurance form in order for the claim to be submitted.
